Re.: Joshua Hope v. St. Margaret House, et al (07-4726)  
Motion for Filing and Docketing outside the Time Frame

Dear Judge Sullivan:

This letter is respectfully written to pray that this Honorable Court to grant the undersigned a relief which permits him to file the Plaintiff's Amended Complaint outside the time frame set forth by this Honorable Court, i.e., May 12, 2008.

Following this Honorable Court's order, the pleading paper had been revised, consolidated and completed. Timely filing via electronic ECF system was made during the earlier afternoon of May 12, 2008, and an courtesy copy was forwarded via FedEx overnight on the same day (05/12/2008). The filing through ECF system was automatically taken and broadcast by ECF filing system on the same day, May 12, 2008.

On the following day, this undersigned counsel received the ECF systems' correction notice, which informed him that filing for this time, cannot be taken by the ECF system. The paper should be filed manually. Following this direction, this counsel made a final polish of the paper, and having his process server to have the paper manually filed and docketed. The Process server was immediately told by the Clerk that such a filing could not be taken without the Hon. Judge permission that the paper could be docketed days after the Judge designated time frame.

In the above-light, counsel for the defendant prays that permission from the Honorable Judge's Chamber to allow the plaintiff to have this pleading paper docketed. Copy of this letter were sent to all defendants,

Sincerely yours,

Ning Ye, Esq.

Counsel for the plaintiff
